

**Do you love data? Are you experienced in qualitative and quantitative data analysis? Do you have a few weeks to lend your expertise to a project that will impact change? We are looking for you!!**

**We are seeking a creative, highly motivated junior level social science researcher with strong quantitative social science analysis experience for immediate temporary employment. In this role, you will be assisting the research team in coding and analyzing quantitative data (raw data files of various format types) for their deliverables.**

**Learn more about YWCA Canada:**

YWCA Canada is a leading voice for women, girls, Two-Spirit and gender diverse people. For 150 years, we've been at the forefront of a movement: to fight gender-based violence, build affordable housing and advocate for workplace equity. We work to advance gender equity by responding to urgent needs in communities, through national advocacy and grassroots initiatives. Local YWCAs invest over \$258 million annually to support over 330,000 individuals across the nation. Today, we engage young leaders, diverse communities, and corporate partners to achieve our vision of a safe and equitable Canada for all.
