ABOUT YWCA CANADA

YWCA Canada acknowledges that its national office, and its member associations are situated upon traditional and current Indigenous territories. These lands are covered by treaties to peaceably share and care for the resources around the territories. Today, these lands are home to many Indigenous Peoples from across Turtle Island (North America) and we recognize the historical oppression and inequalities that they continue to face. YWCA Canada is conscious of its role in truth and reconciliation efforts and is committed to rebuilding and renewing respectful relations between Indigenous and non-Indigenous people.

We also acknowledge that Canada and its colonies are built on the brutality of forced and unpaid labour wilfully extracted from people of African descent and their relations through trans-Atlantic enslavement. We are committed to addressing anti-Black racism and achieving Black liberation and inclusion systemically and structurally with leadership from African descendants.

YWCA Canada is a leading voice for women, girls, Two-Spirit and gender diverse people in the country. For over 150 years, we've been at the forefront of a movement: to fight gender-based violence, build affordable housing and advocate for affordable childcare and workplace equity. We work to advance gender equity by responding to urgent needs in communities, through national advocacy and grassroots initiatives. Local YWCAs invest over \$258 million annually to support over 330,000 individuals across the nation. Today, we engage young leaders, diverse communities, and corporate partners to achieve our vision of a safe and equitable Canada for all. YWCA Canada is part of a global movement, World YWCA, working towards gender equity in more than 120 countries and 20,000 local communities.
